WORKSHOP.

The Workshops on the Premises, both as Aberdeenshire Workshops, possess every appliance necessary for the Docking and Repairing of Vessels. The Engineers' Shops are supplied with Lathes, Planing, Turning, Boring, Machining, &c., and are capable of executing all kinds of work required by steam. The Shipwright's and Blacksmith's Shops are equally well supplied with plant, and the work is entirely carried out under the Supervision of the Master Workman.

Powerful Lifting Slings stand at a Jetty, alongside which vessels can lie in 25 fathoms of water, and take in or out boats, masts, &c.

SHIPMAKERS' DEPARTMENT.

The Workshops on the Premises, both as Aberdeenshire Workshops, are prepared to tender for supplying new tenders to Steam-ships, for constructing white-hay bales.

FOUNDRY.

Iron and Brass Castings, either for Ships or general purposes, are executed with the utmost dispatch.

STORES.

The Company's Stores will (when required) supply at moderate rates all the necessaries for ship-work such as Paints, Oils, Canvas, &c.

STEAM TUGS.

The powerful Steam Tug FONG, 110 H.P., and her comical crew in always in readiness to haul vessels from Hongkong to the Dock and vice versa, and will take them back to Sea at reduced rates.

For further particulars apply at the Offices of the Company, Argyle Street, Hongkong.

DOCKS.

The Company's Dock, or rather its workshop, is now open, and is capable of taking in Vessels of all descriptions.

The Workshops comprise three different Departments of the Shipwright, Blacksmith, Turner, Fitter, and Fountry—possessing all the necessary tools and apparatus for the repair of ships, and Steam Machinery.

The Engineers' Workshop, which comprises the largest Department for repairing of ships, and the work is entirely carried out under the Superintendence of the Master Workman.

Powerful Lifting Slings stand at a Jetty, alongside which vessels can lie in 25 fathoms of water, and take in or out boats, masts, &c.
